* Since the beginning of the Summer Camp, children choose naturally and easily who they want to be friends with, and after two weeks of Camp they have also definitely chosen who they will share this experience and the tent with!

CAMP RULES

1. Two children for tents
2. Tents must be provided by the families, while Thursday dinner and breakfast for the morning after is provided by the Camp organization.
3. Children can choose their own friend to share the tents with, by the way teachers will decide if the couples are well sorted or not, and in this case they will arrange the couple in different ways.
4. Oversleep Camp is an amazing experience for children and for this reason they have to DESERVE it. The Camp organization could choose not to let a child participate it, in case of:
 - bed behavior during the two past weeks
 - vulgar manners
 - lack of respect towards friends, staff and things.
 - any other good reasons that could damage the good run of the sleepover experience.
5. Technological games/ phones/ value things are NOT allowed.
6. For any needs of the children, the Camp staff will inform parents through their personal phones.
